DEADLINES:

Spring Contest deadline: Thursday, January 5th

Composition: Macro view (think microscope) of something uniquely Redding that is outside. Include in your description a detail of what the object is and where it can be found (a zoomed out view for location would be great). Points will be given for originality and artistic composition. We'll run a contest to see who is the first person to correctly identify the object and location.

Summer Contest deadline: Thursday, April 5th

Composition: Get out and get active (with that camera)! Capture a scene with your family being active in the outdoors (somewhere local to Shasta County). Include a description of where you are and what you're doing (and your families name). Points will be given for the most creative poses so get wild and crazy (but be safe) and send in your photos.
